25X1C was acquired in the field on [REDACTED]

1. Five of the members of the Inner Mongolian Autonomous Government (IMAG) are as follows:

F-2 a. Boimandaho (see [redacted] for biographical sketch) is still honorary vice-president
25X1A of the IMAG, but his position holds no real authority. Since he has such a large following among the racial-principle advocates, the Chinese Communists tolerate him and use him to check internal disputes.

25X1A b. Manibataru (see [REDACTED] for biographical sketch) is acting as IMAG's representative to the Chinese Communist headquarters in Harbin.

25X1A c. Ranborinchin (see [REDACTED] for biographical sketch) was Chief of Staff of the Chinese Communist Seventh Column during the "Seventh Offensive."

25X1A d. Hasbicator (see [REDACTED] for biographical sketch and [REDACTED] reporting him as 25X1A commander of the 4 Division of the Inner Mongolian People's Self Protection Army) fled from the Chinese Communists in November 1947 and went to the Mongolian People's Republic (MPR).

Comment: Masbagator has reportedly been living in an extravagant manner and this has made him unpopular with the Communists. He has many friends and someone may have informed him of the fact that the Communists were about ready to arrest him. As Masbagator is not in favor of the Chinese (Nationalist) attitude toward Mongol problems, he probably thought there was little use in seeking sanctuary in Nationalist-held areas and thus decided to go to the MPR where he might meet other persons who also advocate pan-Mongolism.)

e. In November 1947, YUN Tse went to Peitzumiao (116-10, 43-55) and has not been heard of since. There are rumors in Wangyehmiao (122-01, 46-05) that he was assassinated by members of Mafongga's clique (see [REDACTED] or by other racial-principle advocates.

25X1A [REDACTED] Comment: This information about YUN Tse may possibly be true as he is only a tool of the Soviets who certainly know of the friction between the racial-principle group and the Chinese Communists and who may have removed YUN Tse in order to please the Mongols. YUN Tse has never been popular with the Mongols. He is a native of Tumet Banner (111-35, 40-40), a banner noted for men of bad character, and from which the Chinese took informers in an attempt to block the autonomy movement. Tumet Banner men are always suspected by Eastern Mongols.)

[REDACTED] Note: The date of the following information is unstated; the information was acquired in the field on [REDACTED]

2. During the latter part of November 1947, the Chinese Communists executed about 100 people at Wangyehmiao. Among those executed was Chinjerikto (see [REDACTED] and paragraph 1 of [REDACTED]).
Hafongga is under strict surveillance by Chinese Communist authorities.

[REDACTED] Note: The most recent information available regarding certain members of the IMAG is the following (unedited) news story which is quoted exactly as it appeared in the USIS Translation Service:)

"Important Reshuffle in the Personnel of Puppet East
Mongolian Autonomous Government"

Huan Pao (KMT-supervised, C.C. Organ), Shanghai
March 15, 1948

Peiping, March 14--There has been an important reshuffle in the personnel of the puppet East Mongolian Autonomous Government. According to information received by Government quarters, Poyenmanhomanipata alias Ma Ming-chow (ex-Chairman of the puppet East Mongolian Autonomous Government), Wuyuntara (puppet Governor of Hsingan), and Hsiao (puppet Minister of National Defense) were put into prison in January this year. Recently the puppet High Court passed a death sentence on the above three persons and another five including Chummingahmen (ex-puppet Governor of Hsingan), and Namuhitsayn alias Chen Feng (ex-member of the puppet Hsingan Provincial Government), and they were executed at Wangyehmiao. After that YUN Tse was elected puppet Chairman of the Government, and Hafongga, puppet Deputy Chairman.")
